COVID-19 patients need your help! All successful blood donations are now tested for antibodies. If you're positive, you could help patients with a convalescent plasma donation.

Did you or do you know someone who has recovered from COVID-19? If so, you may be able to help others fighting the disease.

Visit Vitalant.org/CovidFree to learn about Convalescent Plasma (CCP) donation.

CCP is only available at our donation centers, not at mobile blood drives.
