## Get Swabbed and

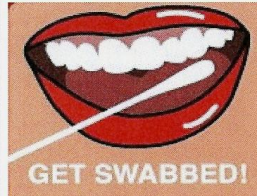

## Help Save Shira Klein

MONDAY, January 21st

2:00 p.m. – 8:00 p.m.

(during our Men's Club Blood Drive)

**Shira Klein**, a beautiful, vibrant, 35-year-old wife and mother of three, has been battling Hodgkin's Lymphoma for nearly two years. Chemotherapy and a stem cell transplant using her own stem cells yielded brief remissions, but Shira has relapsed and now **needs a stem cell transplant from a donor**. Her best chance at a match lies with people of similar ancestry and ethnic background.

### HOW CAN YOU HELP?

**Get swabbed.** Testing for a match is easy – if you are between the ages of 18 and 55 and in good health, you can get swabbed on Monday, January 21st from 2-8 p.m. *If you are unable to make that date, let us know so other arrangements can be made for you.* \***There is no cost to you to get swabbed.**

In addition to possibly finding a donor for Shira, donor names and their information about transplant compatibility will be added to the national "Be the Match" registry, part of the National Bone Marrow Program. Donors may be contacted in the future about their willingness to undergo further testing if they are identified as a potential match to another person in need of a bone marrow or stem cell transplant.

On Sunday, January 27, 2013 at 5 PM, please join the HPCT-CAE Men's Club for their Fourth Annual Dinner and
