The Holy Temple LEGO Model - A Unique Experience

A Joint Men's Club Presentation

Presented by Master LEGO Builder Yitzy Kasowitz

Accurate 1/613 scale model of the second Holy Temple!

Modular to view inner details!

This is a one time chance to experience the wonders of the second Holy Temple in full detail, including: the Antonia Fortress, Tiroplan highway, Kidron Valley, bridges and the grand stairs of the Chulda gates. Lifting the Temple Mount section reveals many hidden and unseen details. See the inside of the Holy of Holies. Through the model, Yitzy shares his extensive scholarly research and knowledge, bringing history to life.
